

Cybersecurity BootCamp

week 2

ZERNA Lesly

October 2017

1 Introduction

Cybersecurity BootCamp by CyberWayFinder SPRL consists in a four week training in topics to be introduced into the cyber security field. This training is mainly focused on women.

This document contains my personal notes and extra info about the topics involved during the 4 weeks.

2 Class 4 - Risk management

Asset * Threat = Risk mitigation Risk can be possible in three dimensions:

- **Confidentiality** (what will happen if this is lost?)
- **Integrity** (mitigation with CRC "Cyclic redundancy check" ?)
- **Availability**

3 Class 5 - Networking and Telecom security

4 Class 6 - Law, regulation and incidents
