Cybersecurity BootCamp
week 2

ZERNA Lesly

October 2017

1 Introduction

Cybersecurity BootCamp by CyberWayFinder SRL consists in a four week training in topics to be introduced into the cyber security field. This training is mainly focused on women.

This document contains my personal notes and extra info about the topics involved during the 4 weeks.

2 Class 4 - Risk management

3 Class 5 - Networking and Telecom security

4 Class 6 -
